Dave Bird	NDC (minutes)

1. Apologies

Apologies were received from Ian Marshall, Rob Pickering, Pam Flynn, Steve Aveyard, Steve Bailey, Les Smith and Linda Carr.

Ann-Marie Pickup welcomed Councillor Matthew Mold to the Partnership Board and everybody introduced themselves.

2. Declarations of Interest

A declaration of interest was made by Kevin Coakley (Item 5: St Sebastian's). It was confirmed at this point that all items on the agenda were part 2 and therefore not for discussion outside of the meeting for the following reasons:

Item 3 - reference to a commercial transaction

Item 4 - reference to a potential legal action

Item 5 - reference to a commercial transaction by a third party

6. Any Other Business

Alison Burnett informed the Partnership Board that NDC Staff Member Altomese Brown is carrying out research into the involvement of older people in regeneration, as part of her post graduate degree and had asked whether Board Members wished to participate by completing a questionnaire for her. The questionnaires were handed out to those expressing an interest.

Peter Connor thanked the Partnership Board, NDC Staff and in particular John Merry for all the support in getting matters resolved with regard to establishing a children's centre at the Lower Kersal Centre.

Ann-Marie Pickup raised concern over the deterioration of the Community Training and Oakland's Road Nursery buildings and agreed that she would raise the issue with Peter Openshaw at Urban Vision.

Lee Craven reported on the positive impact of the Lichfield Street Environmental Improvements. He informed the Board that although he was initially reluctant to the work he was now in full support of what the improvements had delivered and in particular the alley gates. He reported that support had also been echoed other local residents.

Date and Time of Next Meeting
Monday 28th September
Salford Sports Village
(5.30 pm for 6pm)
